## SILVER IN THE SENATE

Senator Jones Gets His Bill Before That Body.

## SOME ACTION MUST BE TAKEN.

It Was Made the Unfinished Business by a Vote of 30 to 27—Two Notable Speeches on the Bond Issue—Pensions of Mexican Veterans Equalized—Senate and House Proceedings.

WASHINGTON, Feb. 19.—By a bold parliamentary move, the silver men of the senate, under the leadership of Senator Jones of Arkansas, forced aside all other pending business, including appropriation bills, and by a vote of 30 to 27, made the bill for the unrestricted coinage of silver the unfinished business before the senate.

Having succeeded in this, Mr. Jones gave notice that the silver bill would be kept before the senate until a final vote was secured before adjournment Tuesday. From the strength shown by the silver men on the votes yesterday there is little doubt of Mr. Jones' ability to secure the vote today unless unobstructive tactics or a physical endurance are employed, which are regarded as likely.

The move of the silver men came as the climax of an exciting day in the senate. For two hours at the opening of the session there was a renewal of the attack and defense, charge and counter-charge, concerning the course of the president and secretary of the treasury in negotiating the recent bond contract with foreign bankers.

The two notable speeches of the day were made by Mr. Gray of Delaware, whose relations with the administration are such that his utterances in defense of the president and secretary were regarded as reflecting the attitude of the executive branch, and by Mr. Sherman of Ohio, whose financial views are always received with marked attention.

Mr. Sherman's criticisms of the bond contract were none the less severe because of the calm and dispassionate manner in which he set forth what he termed "its hard and impolitic" features and the "excessive" rate of interest allowed on 30-year bonds. Mr. Sherman declared that no bonds should be issued except to be taken by the people of the United States, and he asserted the abundant ability of Americans to furnish all the gold necessary.

The Ohio senators did not, however, question the president's position in favor of gold payments, but presented the facts of all bond issues since 1869, showing that the government had always received gold for its bonds and was bound by common honesty to pay in gold.

The agricultural appropriation bill was finally passed.

## House Proceedings.

WASHINGTON, Feb. 19.—Under the rules yesterday was suspension day. Four bills were in this manner considered: To promote the efficiency of the revenue cutter service, to equalize the pensions of Mexican veterans by making them all \$12 per month under the general law, to equalize the duties and pay of steamboat inspection service, and to authorize the Alta Monte Water company to construct dams across the St. Louis and Cloquet rivers, Minnesota. The first and last bill failed to secure the necessary two-thirds.

The bill to equalize the pay of Mexican veterans will benefit about 17,000 pensioners by increasing their pensions an aggregate of \$1,000,000.

A bill was passed to grant to the state of Alabama for public uses the Mount Vernon military reservation.

The last hour of the day was devoted to a discussion of a point of order raised by Mr. Sayers against an item in the naval affairs bill.

## OVERDUE SCHOONERS.

A Number That Were Out in the Blizzard Anxiously Awaited at Boston.

BOSTON, Feb. 19.—Several schooners which were outside in the terrible blizzard early in the month have not yet been reported and their nonarrival is causing much anxiety.

Among these are the three-masted schooner George L. Dickson, Captain T. H. Kelly of Providence from Clark's Cove, Me., Jan. 30, for Norfolk, with ice, and the Ellwood Harlow, Captain Hammatt, from Boston, Jan. 14, in ballast, for Brunswick, Ga.; the famous five-masted schooner Governor Ames of Fall River, Captain Davis, from Salem, Feb. 5, in ballast for Norfolk, and the four-masted schooner Massachusetts, of Taunton, Captain Dabbert, and Mary E. G. H. Dow, Captain Malcolmson, Boston, Feb. 3, for Norfolk.

NEW YORK, Feb. 19.—The long overdue steamship City of St. Augustine Captain Gaskill, which sailed from Jacksonville, Fla., on Feb. 2, with a cargo of about 375,000 feet of pine lumber for this port, and for the safety of which some anxiety had been expressed in shipping circles, as she usually makes the trip in five days, is safe. A dispatch received in this city says she has put into Bermuda, having run short of coal.

Drove Out a Burglar.

ALTON, Ills., Feb. 19.—While Mrs. George A. McMillen was in her house with only a 6-year-old child for company last night a burglar entered her room and demanded her money. She agreed to get what she had, and went to a bureau drawer ostensibly to procure it. When she opened the drawer she seized a revolver, and turning on the burglar commanded him to leave the house. She made him back to the front door, open it and retreat into the yard. Then she returned to her little boy in the room upstairs.

## DEAD CHINESE OFFICERS. How the Suicides' Remains Were Received at Che-Foo.

CHE-FOO, Feb. 19.—The steamer Kangchi, loaned by the Japanese for the purpose, has arrived here with the remains of Admiral Ting, the Chinese naval commander, who committed suicide after the surrender of his fleet to the Japanese at Wei-Hai-Wei.

The steamer also brought the bodies of Commander Liu and Captain Yang of the Chinese flagship Chen Yuen and General Chang, commander of military forces at Wei-Hai-Wei, all of whom killed themselves rather than suffer the punishment that would have been meted out to them by the emperor for the failure of his forces to repel the Japanese. The Japanese paid the greatest respect to Admiral Ting's remains. Captain Yang shot himself as the Japanese went over the side of his flagship.

## Japs Attack a Defenseless City.

LONDON, Feb. 19.—A special dispatch to The Times from Shanghai says in connection with the attack upon Teng-Chou by the Japanese that the American missionaries confirm the report that the place was entirely defenseless, the forts and the Chinese camp being situated some distance from the city. The Japanese gave no notice of their intention to bombard the place. The Chinese did not attempt to fire back at the Japanese from the city.

## Outrages on Formosa Island.

LONDON, Feb. 19.—The Times' correspondent at Hong-Kong sends a dispatch to The Times from Shanghai says in connection with the attack upon Teng-Chou by the Japanese that the American missionaries confirm the report that the place was entirely defenseless, the forts and the Chinese camp being situated some distance from the city. The Japanese gave no notice of their intention to bombard the place. The Chinese did not attempt to fire back at the Japanese from the city.

Annual Convention of the League of American Wheelmen.

NEW YORK, Feb. 19.—The fourteenth annual convention of the League of American Wheelmen opened yesterday in the Grand Union hotel. From an early hour the lobbies and corridors of the hotel were thronged with enthusiastic delegates, representing wheelmen in every section of the Union. The parlors were occupied as headquarters by various delegations and were gaily decorated with flags and flowers.

The convention was called to order by President Charles Luscomb. The committee on credentials presented its report and Secretary Bassett called the roll and the business began. The most important business transacted during the day was the election of officers and the selection of Asbury park as the place where the annual games of the league shall be held this year.

The officers elected are as follows: President, A. C. Wilson of Maryland; first vice president, George A. Perkins of Massachusetts; second vice president, A. C. Morrison of Milwaukee; treasurer, A. E. Mergenthaler of Ohio, by acclamation; auditing committee, J. E. Adams of Massachusetts, John G. Vancourt of Pennsylvania and George R. Prout of Pennsylvania.

## Peabody's Birthday.

PEABODY, Mass., Feb. 19.—The celebration of the centennial anniversary of the birthday of George Peabody, the celebrated London banker, philanthropist and memorable citizen, occurred in this, his native town, yesterday with appropriate ceremonies. It was not, however, a strictly local observance, for cablegrams from Queen Victoria and the Duke of Devonshire, chairman of the Peabody donation fund, to which Mr. Peabody contributed \$2,500,000 for the establishment of homes for the deserving poor of London, gave it a touch of international character. Dispatches from all over the United States and England show that the day was generally observed.

## Shot His Father.

BIRMINGHAM, Ala., Feb. 19.—Phil Dawson, a young drayman, shot and fatally wounded his father, Alfred Dawson, last night. The elder Dawson was reprimanding his daughter and was about to enforce the reprimand with a broomstick when the younger Dawson, who had been protesting all along, became so enraged at his father's brutal treatment that he drew a pistol and shot twice, one shot taking effect in the abdomen and another in the head. The elder Dawson will die; the son fled.

## Assassinated by a Negro.

VAN BUREN, Ark., Feb. 19.—R. L. Hawkins, a prominent citizen here, was assassinated at Mulberry, a small station on the Missouri Pacific road 15 miles from here, by a negro named Turner. Hawkins had ejected the negro from the station for using boisterous language and was threatened with revenge. Hawkins was shot in the breast with a load of small shot while he was on his way to Turner. Turner is heading this way and every train is closely guarded. A lynching is probable.

## No War Between Mexico and Guatemala.

CITY OF MEXICO, Feb. 19.—From the best possible source it is learned that a settlement between Mexico and Guatemala will be reached in a few days. The assertion of certain correspondents that Minister Mariscal had said that the question of the amount of indemnity being discussed between De Leon and himself was settled, is positively denied. This question has only been touched upon so far. The amount due Mexico is hereafter to be settled.

CHAUNCEY, O., Feb. 19.—Jim Anderson, who is accused of stealing two \$50 canines at Corning last week, was captured near here yesterday, but succeeded in escaping last night.

## STRIKE IN NEW YORK

### Over Nine Hundred Electrical Workers Quit Work.

### OTHERS LIKELY TO FOLLOW.

Every Man in the Building Trades May Be Called Out, and if So, and the Order Is Obeyed, Eighty Thousand Men Will Quiet—They Ask Eight Hours a Day Instead of Nine.

NEW YORK, Feb. 19.—The electrical workers, 900 men, went out on a strike yesterday.

At noon the board of walking delegates of the building trades took charge of the strike, and if any firm gives employment to any electrical worker who is not a member of the Electrical Workers' union, this board declares that it will order on strike every man in the building trades, and as the board claims its mandate will extend to every man at work anywhere within a radius of 50 miles of this city, 80,000 men will go out on strike when ordered.

The electrical workers say that five years ago they notified the Electrical Contractors' association that if on or after Feb. 15 they were not limited to eight hours for a day's work they would strike.

Wages had nothing to do with the question—men getting \$3 a day, foremen \$3.50 a day.

Many big buildings in this city will be seriously affected.

The strikers held a meeting last night and resolved to remain firm in their demands.

## NEXT MINISTER TO MEXICO.

John W. Shanklin May Succeed the Late Isaac P. Gray.

KANSAS CITY, Feb. 19.—W. C. Barber, aged 84 years, died here yesterday of old age. He was formerly a capitalist in Worcester, Mass., but lost his fortune during the panic of 1873. In his early days he was well acquainted with Daniel Webster and Henry Clay. Mr. Barber leaves a widow in Worcester, who is almost as old as himself. He has also several sons and daughters in the east.

## MINERS ADJOURN SINE DIE.

The Wage Question Was Deferred to Some Future Time.

COLUMBUS, O., Feb. 19.—The convention of the United Mine Workers adjourned sine die. On recommendation of the scale committee's action on the wage question was deferred. The present agreement does not expire until May 1. A motion was made to censure N. R. Hysell, delegate to the Federation of Labor for voting against independent political action, contrary to instructions. The motion was tabled and another was made to censure John McBride for sending Hysell as his proxy, and ignoring the duly elected alternates. This motion was lost by a big majority.

Resolutions to donate money and employ counsel to assist miners in Kentucky, Indiana and Illinois, who are in prison or likely to be, were referred to the executive board for such action as may be right. Patrick McBryde, P. Penna, J. T. Clarkson and W. C. Pearce were chosen as delegates to the American Federation of Labor. John McBride, J. O'Connor, R. L. Davis and Evan Daniels are the alternates. The action of National Trades Assembly 135 in joining the new independent Knights of Labor was ratified.

P. A. Hynes, Pittsburgh, and Henry S. Stephenson, West Virginia, were elected auditors. The proceedings are to be printed in pamphlet form.

## Died of Old Age.

KANSAS CITY, Feb. 19.—W. C. Barber, aged 84 years, died here yesterday of old age. He was formerly a capitalist in Worcester, Mass., but lost his fortune during the panic of 1873. In his early days he was well acquainted with Daniel Webster and Henry Clay. Mr. Barber leaves a widow in Worcester, who is almost as old as himself. He has also several sons and daughters in the east.

Mother and Four Children Frozen.

ABERDEEN, S. D., Feb. 19.—Reports have been received here of a severe blizzard in the hills east of here yesterday. Mrs. Nehring and four children, living near Webster, attempted to go to a neighbor's house during the storm, but became bewildered and when found they were against a wire fence. The mother and two children were dead and the other two children badly frozen.

## Jury Fails to Agree.

NORTH YAKIMA, Wash., Feb. 19.—The jury in the case of J. K. Edmiston, president of the defunct Walla Walla Savings bank, who has been on trial for receiving money on deposit after he knew the bank was insolvent, was discharged yesterday, having failed to agree. The case will come up again in April.

## Want Higher Wages.

TAMPA, Fla., Feb. 19.—The situation in the cigarmakers' strike is that 300 men of Monroe & Brother and the Seidenberg factories are out and that strong efforts are being made to bring out the 2,000 workmen in other Tampa factories. The contention is for New York prices, which are from \$3 to \$4 higher than are now paid.

## A Pug Dog's Kiss.

NEW ALBANY, Ind., Feb. 19.—Because his wife allowed her pug dog to kiss her and would not permit him the same privilege, Peter Bowman assaulted her. Two sons attacked him with clubs and fractured his skull. The boys were arrested and placed in jail to await the result of his injuries, which are serious.

## Swindler Pleads Guilty.

PORTLAND, Or., Feb. 19.—Richards Bunker, who swindled the Ancient Order United Workmen of about \$2,000 by feigning death, yesterday pleaded guilty to the charge in the criminal court, and was sentenced to five years' imprisonment in the penitentiary. Mrs. Bunker, who was brought here for trial, will be returned to South McAlester for trial.

Death of a Bank President.

RED OAK, Ia., Feb. 19.—Justus Clark, aged 76, died Sunday at Los Angeles, Cal. He was born in Vermont in 1819, moved to Burlington, Ia., in 1839, and here in 1876. He was for six years a member of the Iowa legislature and at his death was president of the Red Oak National bank, and a large land owner.

## Their Golden Wedding.

MORRISTOWN, Ind., Feb. 19.—W. W. Woodyard and wife Monday celebrated their golden wedding. They are very prominent. Mr. Woodyard was at one time the wealthiest man in this vicinity, but met with reverses. They were both born and reared in this township, their parents being among the first settlers.

## Foul Play Suspected.

LEXINGTON, Ky., Feb. 19.—At 5 o'clock last night the body of Thomas Kearns, a sectionhand, was found in the Cincinnati Southern railroad yard. Both legs had been cut off by a passenger train. He had just been paid off. Foul play is suspected from two cuts on his head and no money in his pockets.

## New Orleans Carnival Begun.

NEW ORLEANS, Feb. 19.—The Elves of Oberon formally opened the carnival season last night by a magnificent ball at the Grand Opera House, presenting tableaux based on the "Mid Summer Night's Dream." Many strangers are already here, and the outlook is for the largest crowd ever seen.

## Murderer Gentry Still at Large.

PHILADELPHIA, Feb. 19.—James B. Gentry, who last Sunday night at Zeiss's hotel, shot and killed his fiancee, Madge Yorke, a soubrette in the Baggage Check company, is still at large. It has been learned that Miss Yorke had sent a telegram Sunday to Gentry severing the engagement.

## Baby Suffocated.

HUNTINGTON, Pa., Feb. 19.—The body of a new-born male child was found by Coroner Greenberg on the premises of Mrs. Mary Stinson of Marklesburg. The baby's mouth was stuffed with paper, and its throat was cut from ear to ear.

## Famine in German East Africa.

LONDON, Feb. 19.—The Times prints a dispatch from its correspondent at Zanzibar, saying that on account of the failure of the crops and the ravages of locusts in German East Africa, a severe famine prevails in that country.

## EXPLOSION IN A MINE

Eleven Miners Meet an Untimely Death.

## THEIR BODIES BADLY BURNED.

Some of the Dead Men Were Burned Almost Beyond Recognition—The Mine Is Still on Fire, and an Effort Is Being Made to Extinguish the Flames—Names of the Victims

ASHLAND, Pa., Feb. 19.—An explosion of gas, which will probably result in the death of at least 11 miners, occurred at 10:30 o'clock yesterday morning in the West Bear Ridge mine, at Mahony Plane. Five men have been taken out dead, and six so seriously injured that their lives are despaired of.

The dead are:

Peter Kline, aged 40 years, of Ashland, leaving a wife and six children.

Joseph Pitts, aged 20, of Girardville, unmarried.

Thomas Durkin, aged 35, of Girardville, leaving a widow.

Bernard Reed, aged 40, of Mahony Plane, widow and five children.

Peter Greenback, aged 40, of St. Clair, widow and four children.

The seriously injured are: William Minnick, William Goff, both of Ashland; Anthony Myers, Edward Davis, Girardville; John Laney and William Davis, Mahony Plane.

## GOLD AND SILVER.

The St. Louis Chronicle gives the following figures relative to gold and silver that will be read with interest:

The gold product of the United States for the year 1894 will be about \$43,000,000 and silver about \$69,000,000 in coining value and about \$35,000,000 in bullion value.

"The total gold and silver production of the world will show the same influences at work as in the United States, resulting in an increased gold production and a decreased silver production. The gold product will hardly fall below \$175,000,000 as against \$157,228,100 in 1893. The gain of \$7,000,000 in the United States will be supplemented by a gain of \$12,500,000 in the sand region of South Africa, and \$3,000,000 in Australia. A loss is expected in China, whose product in 1893 was computed at \$8,425,000, on account of the war with Japan.

A gain is not unlikely in the Russian Empire. Losses in the production of silver are likely in Mexico and Australia. The result upon the aggregate silver production will probably be to carry it below \$200,000,000 in coining value and about \$100,000,000 in the market value of the bullion. The coining value of the two metals will thus be brought close together for 1894, while the actual bullion value of the gold production will be much in excess of the bullion value of the silver production. The result will make the gold available for monetary uses in 1894 more than equal to the amount of both metals available for such uses after deduction is made for the quantities of both employed in the arts."

## FAT FEES.

Which the Police of Lexington May Not Get—The Question to Be Tested.

The twenty-seven policemen of Lexington, and the Police Judge, who is none other than the Hon. J. R. Jewell, are just now in a terrible stew, says a special.

The cause of the trouble is a question which has been raised by members of the General Council in regard to fat fees which they have been drawing from the State in felony cases, and which it is claimed belong rightfully to the city.

These fees for the year 1894 alone amount to nearly \$5,000, and it may be imagined that the settling of their legality is awaited with much anxiety by the officers.

There is a question besides as to the legality of the office held at present by Judge Jewell. This is agitating the Judge a great deal more. If it should be decided that there is no Police Court then he will be out of a job, and will be compelled besides to refund several thousand dollars in fees already collected.

The matter will be tested in court at once, so that the anxious policemen and Police Judge will soon know their fate. Meanwhile their salaries for January are being held until the matter is determined.

## Injury to Property From Construction of Railroad.

In affirming the case of Connor against the Maysville and Big Sandy Railroad from Lewis County, the Court of Appeals says:

In this action against a railroad company to recover damages for injury to plaintiff's property from the construction of its road along the street upon which plaintiff's lot abuts the court did not err to defendant's prejudice in permitting plaintiff to testify as to the value of his property immediately before it became generally known that the road was to be located and built along the street in front of his property and as to its value immediately after the road was completed, and that this diminution in value was caused by the trouble and danger in getting to and from the property, the overflowing of the property, the noise and smoke and inconvenience, plaintiff testifying upon cross-examination that one-half the damage was due to overflow. Nor was defendant prejudiced by the action of the court in permitting a witness to testify that in her judgment the property was diminished in value one-half by the building of the road.

## The Chesapeake and Ohio's Good Showing.

President Ingalls, of the Chesapeake and Ohio, reports the gross earnings for January, 1895, at \$780,554, the largest of any previous January in the history of the road. In January, 1894, they were \$756,069; 1893, \$737,635; 1892, \$703,740; 1891, \$654,663; 1890, \$618,917. The mileage in January this year was exactly the same as last year, and only a few miles larger than in 1892 and 1893. The net earnings for the six months ending December 31st, 1894, were \$1,700,000, and the interest charged for the same period were \$1,500,000. The company is said to have no bills payable outstanding.

For such is the Kingdom of Heaven."

Tis sad, the bright little form to no longer see, That was only a few short months given.

But Jesus said "suffer little children to come unto me"

For such is the Kingdom of Heaven."

While the subject of free pikes is agitated from center to circumference we kindly venture to say we cannot see what benefit free pikes could be either to the city or the farmer. In our weak and insufficient judgment we think there would be only one class of people that would derive any benefit therefrom, the non-tax-payer and the loafer. It would enable him to save his dinner until he got into town if he happened to have any; if not he can stand on the corners and watch for his particular friends. The prudent farmer and tax-payer only goes to the city when duty and business calls him, and the toll-gates are not in his way, and he feels that he is paying for what he gets right then and there, without passing his money through several hands to get to travel on a good road. Would it be just to tax the property-holder who has acquired his means by the sweat of his brow or rightful inheritance for the benefit of the profligate class of people? The city would be much better off if this profligate class never entered it! Doubtless the toll-gates are excessive in their charges, but not being posted in the pike companies stockholder's private affairs as to the expenses of keeping up a pike, we are not in a position to say. If they should be made free they would then be county roads, and if they should compare with our present county roads, woe to the traveling mass of humanity. We say give us the present system rather than tax the property-holder ten cents to buy the pikes he has once been taxed to build, and another ten cents to keep them in repair, thereby accumulating an enormous tax rate that would far exceed the tolls. All should pay for their travel free and equal.

**The Modern Mother.**

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

**The Raymond Coal.**  
Just received one barge of the celebrated Raymond coal of which we command the exclusive sale at this point.

### Resolutions of Respect.

The following have been adopted by the Ladies' Aid Society of M. C. Hutchinson Camp No. 2, S. of V.:

Death has entered our circle and borne from our midst our beloved sister, Willie Kate Sweet, who departed this life January 28th, 1895.

Resolved, That by her death the society has lost a good and faithful charter member.

Death our dearest ties can sever,

Take our loved ones from our side.

Bear them from our home forever

O'er the dark cold river tide.

In that happy land we'll meet them,  
With those loved and gone before,  
And again with joy we'll greet them,  
There where parting will be no more.

JULE WALTERS'

# "Side Tracked!"

**OIL INSPECTOR.****The Charges Against Captain C. M. Phister Were Promptly Dismissed.**

Mention was made a couple of weeks ago that John T. Bratton and Jeff Carmack had filed affidavits in the County Court charging Captain C. M. Phister, Oil Inspector, with negligence in the discharge of his official duties. It was also stated that a rule had been issued notifying Mr. Phister to appear and show cause why he should not be removed from office.

The case came up for a hearing at the regular February term of the County Court. Captain Phister was on hand, and swore Judge Hutchins off the bench.

Under the new law the nearest Justice of the Peace has to be called in to preside when the County Judge is sworn off the bench, and 'Squire Bramel was summoned to preside at the trial of the charges.

The case was disposed of last Saturday afternoon, and the rule was promptly dismissed.

**Jule Walters in "Side Tracked"**

Many new and novel features will be introduced in the coming presentation of that very funny comedy, "Side Tracked," to be seen at Washington Opera House on next Wednesday evening. This attraction was here last October and received nothing but praise from all who saw the performance.

Jule Walters as the tramp is almost a guarantee that the performance will be up to the standard. Mr. Walters' version of a "tramp" is certainly an original one and shows that he possesses unusual cleverness as a comedian. "Side Tracked" is almost entirely re-written this season and several characters added.

The company carries all scenery for the production.

The Union depot in Jonesboro is very realistic and amusing, and in the third act two most original and funny railroad scenes are introduced. The passenger train is described as the most realistic ever presented. In this act there will also be a multitude of specialties of a very high order, including Murphy and Mackin, the world's greatest musical comedians, and little Ada Walters, America's child artist—her dancing is phenomenal. The Columbian dance, a positive novelty introduced by Miss Louise Lewellyn, is said to be beautifully pictured. "Side Tracked" will be enjoyed by all who attend.

**Excursion to Cincinnati February 22.**

On account of errors made in printing matter, the C. and O. desires to advise its patrons that the excursion tickets on the 22nd inst. will be good returning as follows: Between Cincinnati and Maysville, tickets will be good returning only on train No. 20 leaving Cincinnati at 5:30 p.m. February 22nd, and trains No. 16 and No. 20 leaving Cincinnati at 7:40 a.m. and 5:30 p.m. respectively, February 23rd. Between Springdale and Huntington, tickets will be good returning only on trains No. 16 and No. 18 leaving Cincinnati at 7:40 a.m. and 2:30 p.m. respectively, February 23rd, and train No. 16, February 25th.

**Guaranteed Cure.**

We authorize our advertised druggist to sell Dr. King's New Discovery for consumption, coughs and colds, upon this condition. If you are afflicted with a cough, cold or any lung, throat or chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottles free at J. J. Wood's drug store. Large size 50c. and \$1.

**High School Lectures.**

Mr. Vincent will deliver his popular lecture on "Thoreau, the Wealden Philosopher" at the High School this evening. All Americans should be interested in this eccentric but brilliant author. February 26th and March 1st are the dates for the two other lectures. Doors open at 7 o'clock. Lecture begins at 7:30. Tickets, 35 cents, at the door.

EVERY last member of the choral and orchestral unions are requested to be on hand promptly at 7 o'clock this evening. Bring your music, instruments, stands and good humor.

MURDERED HIS WIFE.

The Tragedy Was the Outcome of a Series of Quarrels.

HOBOKEN, N. J., Feb. 19.—Christopher Spearling, an engineer, murdered his wife at their home yesterday. The tragedy was the outcome of a series of quarrels which had taken place between Spearling and his wife. After spending the most of the night in drinking, Spearling returned to his residence early in the morning. After a protracted wrangle, the husband seized a razor and drew the keen blade across the woman's throat, almost severing the head from the body.

There was no cry from the murdered woman and Spearling walked from the house unmolested. Some time afterward Spearling's aged mother discovered the body lying face downward on a rug in her bedchamber. The floor was saturated with blood and there were marks of bloody fingers on the sheets where the murderer had coolly wiped his hands after committing the deed.

The police at once took charge of the body, and began a search for the missing man. The excitement reached a thrilling point, when Charles Zang, husband of the murdered woman's sister, rushed into the house brandishing a heavy revolver, and demanded to be shown Spearling, that he might kill him. He was disarmed and placed under arrest. The murderer is still at large.

**Business Houses Burned.**

PROSPECT, O., Feb. 19.—At 4 o'clock yesterday morning Warren & Cobb's clothing store was discovered to be on fire. Before it was gotten under control the following business houses were destroyed: Citizen's bank, \$600; Watkins Brothers, \$5,000; Warren & Kaeb, \$8,000; C'Connor Neimeyer, \$2,000; D. M. Breen, \$3,000; Packard & Converse, \$300. Insurance, Warren & Kaeb, \$3,000; Neimeyer, \$1,300; Breen, \$3,000. The fire is under control.

**Railroad Superintendent Dead.**

TOLEDO, O., Feb. 19.—After an illness of several weeks' duration Jacob S. Morris, superintendent of the Toledo division of the Pennsylvania lines for the past 20 years, died yesterday, aged 66, at his residence in this city. Mr. Morris was one of the best known railroaders in the United States. His funeral, which takes place Wednesday, will be attended by the general officers of the Pennsylvania lines.

**Sundry Civil Service Bill.**

WASHINGTON, Feb. 19.—The sundry civil service appropriation bill as reported to the senate authorizes the issue of \$100,000,000 of treasury certificates to meet the current expenses of the treasury, appropriates money for the Blaine property in Washington and fixes the interest of Mrs. Blaine at \$150,000, with a provision that the interest of the lessees shall be fixed by process of condemnation in the courts.

**Death From Freezing.**

HUNTINGTON, Ind., Feb. 19.—Charles Richards, one of the men who were frozen a week ago, has died in fearful agony. Jacob Friesenstein, who was with him, had both hands amputated, and little hopes are expressed for his recovery.

**Coal Vein Found.**

BEDFORD, Ind., Feb. 19.—A report has reached here from Green county, 30 miles west, that a vein of extra fine coal five feet in thickness has been discovered in the vicinity of Scotland. The vein may be entered into on the side of a hill.

**New Trial Refused.**

INDIANAPOLIS, Feb. 19.—Judge McCrory of the criminal court yesterday refused to grant a new trial to "Winnie" Smith, the murderer of Western B. Thomas of Anderson. Smith was sentenced to 18 years in the penitentiary.

**Fire Chief Missing.**

SEATTLE, Wash., Feb. 19.—A. B. Hunt, chief of the fire department, has mysteriously disappeared and no trace of him can be found. He got leave of absence Friday to go to Tacoma and attend his trial in the United States court on the charge of obtaining naturalization papers by fraud, but did not go, as he learned that his trial was continued. Hunt's enemies say he has fled to avoid trial.

**Found Dead in His Cabin.**

DUBUQUE, Ia., Feb. 19.—George W. Burton, aged 75, one of the oldest citizens of the northwest, was found dead in his cabin yesterday. In early days he was a merchant, lawyer and banker, but becoming reduced in circumstances has for some years lived the life of a hermit in a cabin north of town. He had been dead perhaps 10 days.

**Stormy Passage.**

QUEENSTOWN, Feb. 19.—The Cunard line steamer *Aurania* from New York Feb. 10 for Liverpool, arrived here yesterday evening. She reports that she had an especially stormy passage, encountering a succession of easterly hurricanes. On Feb. 10 Hamilton Patterson, a steerage passenger, committed suicide by jumping overboard.

**Weekly Review of Cincinnati Tobacco Market.**

Furnished by the Cincinnati Leaf Tobacco Warehouse Company:

The pricing of tobacco being stopped on account of the continued cold weather, has caused the receipts to be very light, and the sales have been smaller than for this season of the year. The holders of the old stock are now offering more freely, while there is no crowding of the new stock on the market. The sales have proven very satisfactory, as the prices have shown some advance over the offerings in January, especially those of character and sweet.

Quite a number of our manufacturers are taking the old stock in preference at present, and we think the holders should improve the opportunity and dispose of their holdings while they are in demand.

There have been some good new tobacco offered, and prices are no doubt better for the best grades containing color and body, while the medium and nondescripts have remained firm at the prices obtained the previous week, but we can discover no particular advance.

**MONEY MAKING.**

The Quickest Way to File Up Wealth In This Business Era.

The reason of the modern differences in favor of business as an instrument of money making is not far to seek. It is the enormous growth in the scale of everything in which business can be done. The enterprise of a merchant, of a contractor, of a mine dealer, even of a shopkeeper, may now cover the whole world and may be carried on, moreover, mainly upon credit. It may be doubted whether, except in those transactions which are called "financial," and which really mean the taking of heavy bribes for pecuniary support, any one transaction ever yields quite as much as the same transactions would have yielded 60 years ago; whether, for example, any cargo ever produces ton for ton an equal margin of profit, or whether any customer in a shop pays quite so heavy a percentage on the goods he buys.

It is the magnitude and multiplication of cargoes which yield fortunes, the thousands instead of hundreds of customers whom clever dealers may induce to spend money. The new system of rapid turnover is, of course, precisely the same thing—the dealer selling four times what he did and using only the same capital. This advantage of scale is almost entirely wanting to the professional man, for the obvious reason that he is hampered by limitations of time.

There are only 600 minutes in a hard worked day, and the seeker after income, be he as able as he may or as decided or as rapid, must give some of those minutes to each client or patient or contractor with a difficulty to meet. If he does not, he loses custom, and with custom income rapidly slips away. There are no doubt favorite lawyers, doctors and even engineers whose advice is sought at great expense, when equally good advice is procurable much cheaper, but still the favorites must give their advice and lose their days in doing it, or they will speedily be deserted.

Nothing can alter this first law, while the exaggeration of professional fees is kept down in the case of solicitors by positive statute, in that of doctors by an etiquette difficult to define or explain—there seems to be no reason why a great physician should not charge according to skill—and in that of barristers and engineers, by a competition, which, though never acknowledged, is none the less real and effective. We can not see what is to alter this condition of affairs, and do not believe that, however civilization may develop itself, professional skill will ever again be the quickest road to large accumulations.—London Spectator.

## The electric thrill of health

is never felt by those who are run down—out of sorts—poor in blood—badly nourished—dyspeptic. That would be impossible, and so the delight of living is lost!

### Brown's Iron Bitters

brings weak people up to the standard of health—feeds the blood—acts on the nerves—strengthens the muscles. It brings the blush of youth to weary women's cheeks—is a boon to the invalid—refreshes and renews life in the aged—nourishes the weak, puny child—briefly said, it gives strength, and strength cannot exist without perfect health. It is a necessity in every family. It does not injure the teeth or cause constipation.

**KNOWLEDGE**

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its efficacy is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
